

Young Carers Agreement

At Mile Cross Primary School, we understand that the lives of children who are Young Carers can be different to those of other children.

So, we will:

- Make sure there is ELSA support for Young Carers who need someone to talk to or for some extra support.
- Deal with any unkindness or bullying and in a discreet way.
- Hold regular Young Carers group meetings – it gives the Young Carers something to look forward to!
- Hold regular assemblies and take part in special events to raise awareness.
- Make sure all teachers know about Young Carers through training at least once a year, so they know what the individual is going through.
- Make other arrangements if homework cannot be done at home
- Signpost to other support if families want this
- Tell High Schools about Young Carers at times of transition – so worries disappear when the Young Carer moves school.
