This week - Life Skills Meeting 13th July
- Spotlight on TikTok Safety (back page)

Working As One
Friday 8th July 2022

Nursery all did amazingly and had a great time at their first sports day.

Reception were fantastic at their first Sports Day, running a sprint, hurdles, egg and spoon race, and beanbag balance.

Year 1 had an amazing time at Banham Zoo and read lots of interesting animal facts.

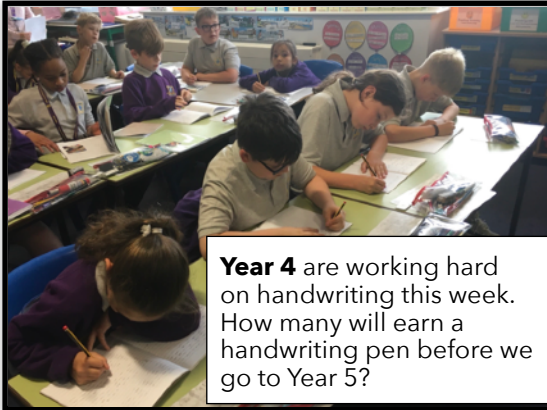

Year 2 enjoyed listening to the story told by the Common Plot at Valpy Avenue

There was lots of sportsmanship and resilience in action at this year's **Year 3** sports day! Thank you parents for coming to spectate!

Year 4 are working hard on handwriting this week. How many will earn a handwriting pen before we go to Year 5?

Year 5 had a fantastic day at Cromer this week reading coordinates and maps!

Year 6 thoroughly enjoyed their second architecture workshop, creating model beach huts following our trip to Wells last week!

Sports Days Success

It was great to see so many parents join us for the Sports Days held this week. It has also been fantastic to see children so proud of their efforts and medals. We have even heard of children wanting to sleep with their medals on! **We have, however, stressed to all those children who didn't get top three place how proud we were of them too for their resilience and never giving up. They should all be very proud of themselves.**

Life Skills - Want to know more?

Our parent Life Skills meeting is happening next week. Anyone wanting to know more about this area, the meeting is on 13th July in the school hall between 2 and 3pm.

SATS 2023

Having received the results of the Year 6 SATs results this week, our minds are already turning to next year's SATs. It was unfortunate that three of our pupils this year did not receive SATs grade due to absences through holidays taken in the SATs week. In order to avoid this happening next year we want to point out to Year 5 parents that the 2023 SATs are from Monday 8th May until Thursday 11th May.

"Each week we will be 'spotlighting' a different area of school life and issues affecting children, to keep you informed

Spotlight On: **TikTok**

You must be over 13 years of age to use TikTok. Some of the videos on TikTok may contain explicit language and sexual imagery, which may not be suitable for your child to view and there is also the risk of strangers contacting your child. If your child is using TikTok then make sure the appropriate security/privacy settings are on.

We recommend setting the account as private (this is the default setting for users under 16 since Jan 2021). Even with a private account, your child's profile information such as their photo are still visible so ensure your child understands the importance of not adding personal information (e.g. location, age and phone numbers) to this area. This article explains how you can strengthen your privacy settings and what features are turned off by default for accounts for children aged 13 – 15: <https://newsroom.tiktok.com/en-us/strengthening-privacy-and-safety-for-youth>

Family Pairing

This allows you to link your own account to your child's account. You can then set controls such as restricted mode (limit the appearance of inappropriate content) and screen time management. You can find out more here:

Blocking and Reporting

Ensure your child knows how to use these features.

Bullying on TikTok

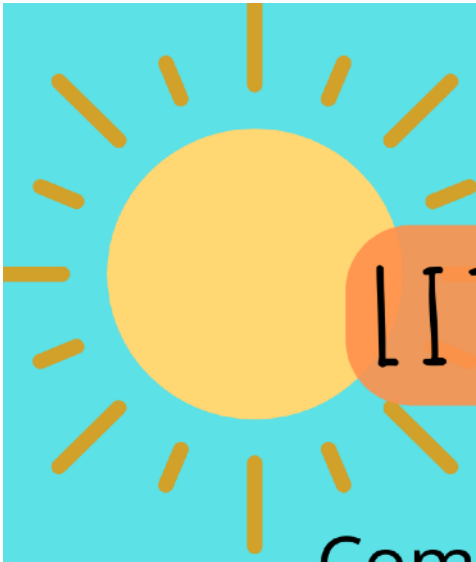

Make sure your child knows that help is always available. This article makes suggestions on appropriate settings as well as how to deal with bullying:
